Subject: Order for Compliance – Docket No. V-W-04-AO-17

Dear Ms. Burdett:

This letter is being submitted to request a slight delay for the Storm Water Pollution Prevention Plan as well as the Silage Pad Containment storage structure. Certain components of the proposed plan had been previously rejected by the Indiana Department of Environmental Management. The current project engineer was not aware of these complications until earlier this week. We apologize for the delay, and we are working to rectify all problems. The project will be mailed February 28, 2005. We appreciate your continued cooperation. Please direct any additional questions or correspondence to my office.

Best Regards,

Julie French
